Email: admin@hkosha.org.hk

29 October 2015 (Thu), 7:00 pm – 8:30 pm (Registration at 6:30 pm)

Venue: The Construction Industry Resource Centre,
Construction Industry Council,
G/F., 44 Tai Yip Street, Kowloon Bay, Kowloon.

Language: Cantonese

Participants: 120 maximum (on first-come-first-served basis)

Speaker: Mr. LEE Wing Ho, Edmond

Mr. Lee is currently the Executive Council member of HKOSHA and a Safety Manager of Paul Y. Management Limited. He has been working for construction industry since 1993 and involved in various large scale projects in Hong Kong and Macau such as Tamar Government Headquarter, MGM Grand Hotel, etc.

Abstract:

Gondolas are widely used in the construction industry. It is used to carry persons for working at height to perform construction works such as façade and curtain wall installation, piping fixture, external wall and window cleaning. In recent years, there were still some incidents occurred relating to the use of gondola. This seminar is a lesson learnt from these incidents occurred in Hong Kong and Macau, and introduce the safety standards applied on gondola for reference.

Registration:

Please complete the reply slip and email to admin@hkosha.org.hk or fax (2770 0542) it back to the Association. Successful application will be notified in due course.

The seminar is free of charge and Attendance Certificate will be issued to members of HKOSHA upon completion of the seminar. If any non-members wish to obtain an attendance certificate, an administration fee of HK\$50 for members of Member-Organizations of the Federation: SRSO, HKRSAA, HKISA, CISA, SASA, IOSH HK, ISHP; HK\$100 for members of HKIE SSC, SOEHK, HKARM. Please remit your payment by a crossed cheque made payable to “Hong Kong Occupational Safety and Health Association”, together with the return slip below.
