### **Occupational Safety and Health Visit to Gammon's Pristine on 29<sup>th</sup>-30<sup>th</sup> 2010**

#### **Introduction:**

Gammon's Pristine office located at Shatian Town, Dongguan which in conjunction with the fabrication yard. The operation covers an area of 51,000 square metres; 10,872 square metres are for covered workshops for fabrication; 3,000 square metres are for painting workshops; more than 12,000 square metres of ground slabs are for storage and trial assembly; and 1,700 square metres are for office space. A further 10,000 square metres are reserved for future expansion.

Pristine plays an important role in Gammon's supply chain, supporting the Hong Kong Steelwork Team by supplying the steelwork required to meet building schedules steelwork for various sites in Hong Kong

Health, safety and quality are all issues that are critical to Pristine, thus comprehensive health and safety management system is implemented. How to manage the health and safety of such a large plant effectively and smoothly? Pristine produces tones of steelwork everyday, how to manage the potential health and safety risks in order not to interfere the production?

The visit will surely provide members with in-depth understanding of health and safety management system, also the techniques in managing onsite safety.

Visit will be in 2 Day 1 Night with presentation in Occupational Health and Safety Management and site visit. Totally 4.5 CPD can be granted (1.5 form the Presentation and 3 from for the visit) Details of the visit are as follow:
